

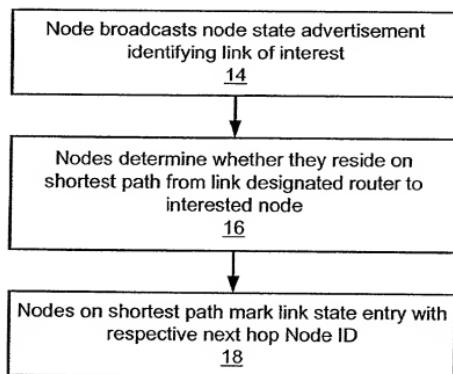

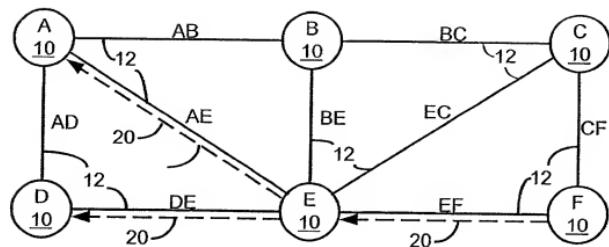

*Fig. 1*

*Fig. 2*

*Fig. 3*

Determine whether a next hop Node ID is associated with link state entry

22

Forward link state advertisement to identified next hop node

24

*Fig. 4*

LSP established

26

Source node broadcasts node state advertisements

28

Source node notified of link failure

30

Source node establishes new LSP or switches to backup LSP
